THE POLITICAL SCIENCE QUARTERLY

The Quarterly is published by the Academy and edited by the Faculty of Political Science of Columbia University. It is devoted to the historical, statistical and comparative study of politics, economics and public law.

Its list of **contributors** includes university and college teachers, politicians, lawyers, journalists and business men in all parts of the United States, and European professors and publicists. It follows the most important movements of foreign politics but gives chief attention to questions of present interest in the United States. On such questions its attitude is nonpartisan. Every article is signed; and every article, including those of the editors, expresses simply the personal view of the writer. Each issue contains careful **book reviews** by specialists, and in March, June and December large numbers of recent publications are characterized in brief **book notes**. A valuable **record of political events** throughout the world is printed as a supplement to the September issue.

Communications in reference to articles, book reviews and exchanges should be addressed: **Managing Editor, Political Science Quarterly**, Columbia University, New York City. Intending contributors are requested to retain copies of articles submitted, as the editors disclaim responsibility for the safety of manuscripts. If accompanied by stamps, articles not found available will be returned.

The Quarterly is sent, together with the Proceedings, as part of the membership privileges, to all members and subscribing members (libraries, institutions, etc.), who pay five dollars annual dues. Single numbers, not including Supplement, one dollar. Supplement containing Record of Political Events, one dollar. Back numbers and bound volumes can be obtained at prices quoted upon request.

All business communications should be addressed to THE ACADEMY OF POLITICAL SCIENCE, Kent Hall, Columbia University, N. Y.
